

## Software Architect – Omniture Integration Team

Adobe believes in hiring the very best. We are known for our vibrant, dynamic and rewarding workplace where personal and professional fulfillment and company success go hand in hand. We take pride in creating exceptional work experiences, encouraging innovation and being involved with our employees, customers and communities. We invite you to discover what makes Adobe such a great place to work.

### Job description

By joining the Omniture Integration Team in Romania you will contribute to the process of shaping and deciding tomorrow's technologies and solutions that make it easy to deliver measure and track, target and or test online content using HTML or the Flash Platform.

### Responsibilities

- Observe and understand the broader system environment.
- Understand the complex interactions and dependencies among involved products and technologies.
- Work independently and own multiple features of the product
- Transform requirements into architectural and feature specs
- Design & implement features, required APIs, test suites or technology according to specifications, while keeping a strong customer focus
- Collaborate with quality engineers, to ensure project deliverables meet the required quality standards
- Perform research on various technologies useful for the project
- Provide status and feedback to management

### Previous experience

For this job we are searching for people with the skills and knowledge listed below. However, if you are an excellent engineer with deep understanding of the software development lifecycle and you are confident you can quickly pick up any of them, we would love to hear from you.

- Education in Computer Science, Engineering or equivalent; (B.S. or M.S. degree is a plus)
- **at least 7 years experience** of software development experience
- Strong technical background Java or Flex
- Very good abilities to analyze, profile and optimize code for performance and memory usage
- Very good understanding of web technologies
- Solid knowledge of design patterns
- Expertise in data structures and algorithms

### Nice to have:

- Experience with agile development methodologies

## Personal:

- Strong interpersonal and communication skills
- Ambitious and self-driven
- Pro-active and detail-oriented
- Fluent in English (both written and spoken)

## Bonuses & benefits

We offer the opportunity to build a career in a rapidly expanding software company, working with international technology groups. Excellent [benefits package](#) including [Stock Options Plan](#), Medical and Life insurance, and more.

Adobe believes personal fulfillment and company success go hand in hand, sustaining one another. In fact, our dynamic, rewarding working environment is well known - including eight years on [FORTUNE magazine's "100 Best Companies to Work For"](#) and other, similar accolades. By hiring the very best and brightest, Adobe continues to be a simply better place to work - creating a dynamic environment today and providing incentives for future achievement.
